

Catholic Education Week - Day 2 - The Promise is Within You

Today we celebrate the second day of Catholic Education Week. The theme is “The Promise Within You” as we move through our day today, let us remember the promise that each one of us holds to be kind, thoughtful, compassionate people. Let us also look for that promise in each other, it is hard to love someone when they are angry or mean, but meeting those emotions with compassion and love can make all the difference in their lives and ours.

God of love,
Grace us with your wisdom and vision,
so that we may see ourselves as you see us;
perfect, precious and beautiful.
Inspire us with confidence,
so that we may recognize the promise that is within us.
Teach us patience,
so that we may let go of *our* timing and trust in *yours*.
Help us to “unwrap” the many gifts you have given us,
in order to celebrate how we can become
the loving people you call us to be.
We ask this through Christ our Lord.
Amen
